KIDS PLAN PREMIUM ASSISTANCE PROGRAM

As part of our mission to provide affordable insurance to Utah residents, SelectHealth offers a pilot premium assistance program in conjunction with Kids plans. Children on a Kids plan who apply and qualify may have between 40 percent and 60 percent of their premium paid (including dental premiums, when purchased with a Kids plan). An application for this program is included in the front pocket of this booklet. You may also contact SelectHealth, or visit www.selecthealth.org/kids for application forms and additional information.

Qualification

To qualify, the following criteria must be met:

- The child must be approved for coverage on a SelectHealth Kids plan. Children will be medically underwritten and treated equally, regardless of whether they are applying for financial assistance.
- If your taxable household income is at or below the amounts shown to the right, you may qualify.
- Children who qualify for the Utah Children's Health Insurance Program (CHIP), Medicaid, Medicare, or any other type of government insurance are not eligible for this program.
- Participation is limited and will be granted on a first-come, first-served basis.
- This is a pilot program. If the program ends, members may choose to remain on the plan and pay the full premium.**

Persons in Family or Household*	Maximum Household Taxable Income
1	\$27,075
2	\$36,425
3	\$45,775
4	\$55,125
5	\$64,475
6	\$73,825
7	\$83,175
8	\$92,525
For each additional person, add	\$9,350

* Your household size is the maximum total number of exemptions claimed on the tax returns filed for your family or household.
